**CDF Firefighters Endorse Botts for City Council**

The CDF Firefighters, California's Fire Department and the full service fire department for Riverside County, including the City of Banning, today announced their support and endorsement of Bob Botts, candidate for the Banning City Council.

Darren Hoopingarner, Deputy Chapter Director for the Riverside Chapter said, "We are pleased to add our support to Bob Botts' candidacy for a seat on the Banning City Council. We appreciate Bob's support of CDF Firefighters in Banning, and throughout Riverside County, as well as support of CDF's goals",

Hoopingartner continued, “We appreciate Bob’s support for our firefighter’s objectives, as well as his well thought out vision and plan for Banning, which we believe can begin to move Banning ahead significantly”.

Botts said, “I am certainly proud and pleased to have the support of the CDF Firefighters. They once again, just recently, demonstrated their quick response and skills in limiting the spread of the fire in Banning and very severely limited any damage to structures. I am proud of them”.

“I look forward to working with CDF as partners in our City of Banning as we all work to make it a better place in which to live and work”, Botts concluded.
