Congressman Endorses Botts for City Council

Congressman Jerry Lewis who represents the 41st Congressional District which includes the City of Banning, today indicated his support for Bob Botts' run for the Banning City Council. Lewis said, "I don't normally get involved in local political races within my District. However, when I learned Bob Botts' was running for the vacant seat on the Banning City Council I was pleased to offer my support".

"I have known Bob for over fifty years and have worked with him in many areas in business and government, as we have both been dedicated to working to improve the lives of people around us," Lewis continued.

Bob's business and finance experience, coupled with his knowledge of economic development and the governmental and political process will serve him well, as he works with the other members of the City Council and staff, for the benefit of all the residents of Banning."

"I look forward to continuing to work with the Banning City Council Members and I am very excited about the prospects that Bob will be one of them in the future", Lewis concluded.

Lewis Chairs the House Appropriations Committee and has worked diligently to represent and assist the City of Banning and the Pass Area Communities, on many public improvement projects.
