**FOR RELEASE ON SEPTEMBER 7<sup>TH</sup>**

**COUNCIL CANDIDATE BOTTS ANNOUNCES WEBSITE**

Bob Botts, Chairman of the Economic Development Committee for the City of Banning, and candidate for a seat on the City Council, today announced the launching of his campaign website.....[www.bobbotts.com](http://www.bobbotts.com)

Botts said, "I am please to announce the launching of my campaign website, [www.bobbotts.com](http://www.bobbotts.com). Communications in a campaign is so important, particularly in getting my message out to voters, as well as receiving feedback from them".

"In talking with individual voters or at meetings and candidate forums, I have such a short time to talk about the many vital issues that need to addressed in order to Build A Better Banning. With the website, anyone can log on and review the Vision and Plan, which my committee and I have developed, as well viewing information about my business and legislative experience over the last forty years", Botts continued.

"Not only does the website allow me to communicate with voters and update campaign information, but just as important, it allows residents to communicate directly, with me, through the website. Independently, anyone can write me at [info@bob.botts.com](mailto:info@bob.botts.com). If they are on the website they can simply click [info@bob.botts.com](mailto:info@bob.botts.com) and write a message or question and it will come direct", Botts concluded.

Individuals wishing to volunteer to help in the campaign can complete the on-line Volunteer Form, click, and it will come through directly to the Campaign Office.
